PROVISIONAL DETAILS

Individual, Saturday 28th March 2015

Hampsfell & Eggerslack Woods

- Parking:** Windermere Road public car park in Grange-over-Sands (Pay & Display). Grid Reference: SD 411783
- Assembly:** 750 m walk, 75 m climb. Allow 10-15 minutes. A map will be provided in the final details and the route will probably be taped. Other than download, there will be no facilities at assembly (public toilets should be available 250 m from the parking in Grange-over-Sands)
- Start:** Adjacent to assembly. Provisional start times: 10:30 - 11:15 (alumni), 11:45 - 12:45 (Varsity Start Block), 13:15 - 13:30 (alumni (limited))
- Finish:** At assembly. Provisional course closing time 15:30
- Terrain:** Two distinct areas, each providing their own challenges. The eastern part is runnable but complex rocky woodland with steep slopes and sections intricate contour detail. The western part is fast open fell, with patches of woodland, some of which is low visibility. The whole area is limestone rock underfoot and in places this is exposed as limestone pavement. If it is wet, this will be very slippery - take care! The open fell is divided and bound by a number of drystone walls. These must not be climbed and the marked crossing points **MUST** be used to cross them.
- Map:** The map was updated for the Lakes 5 days in 2014 by Martin Bagness, this can be seen on Routegadget at the following link:
(<http://www.mdoc.routegadget.co.uk/rg2/#188>)
Scale 1:10,000, 5m contour interval. Standard IOF symbols, with a plain grey screen depicting limestone pavement. The legend will not be on the map.

Course Details:

Course	Class	Provisional Length
1	Men A	7.1 km
2	Women A, Men B	4.6 km

Course 3 is planned to be slightly easier than Courses 1 & 2
