I hope you had a great time at the dinner. I thoroughly enjoyed talking to my fellow club members that I totally failed to appreciate the food — I am told it was very good.

There is no solution to the Sudoku, sorry. But in contrast to the previous 9 Sudoku puzzles, the last one was much easier. Even you could do it!

Seeing so many old friends made the trip worthwhile, even for me who flew in from Sweden. Walking through the streets of Cambridge brought back many cherished memories. So did orienteering in Thetford.

Looking forward to the 50th anniversary...
